

Series 0201C Bevel Sweeper (Custom-made)

I. Pictures

II. Main technical parameters of product:

Technical Parameter Table		
Model	0201C84	0201C72
Total length (mm)	1600	1600
Total width (mm)	2430	2160
Total height (mm)	887	887
Total weight (including hanging parts) (Kg)	575	525
Sweeping width (mm)	2100	1800
Swing angle (°)	±30°	±30°
Sweeping width after the swing of 30° (mm)	1850	1550
Brush roller diameter (mm)	• 800	• 800
Allowed maximum pressure (Mpa)	21	21
Operating flow (L/Min)	80-100	80-100
Operating voltage (V)	12/24	
Hanging and installing model	Skip steer loader	

III. Main characteristics of product

Quickly cleans snow, dirt, and compacted ice from places including street edges and corners without damaging the pavement of roads; convenient installation, flexible use, high work efficiency, reliable quality, outstanding performance, and so on.

1. With a large-diameter polypropylene and steel wire mixed brush roller, mainly used for removing natural loose snow and having the advantages of wear resistance, high elasticity, and bending resistance without causing damage to the road surface.

2. Capable of swinging from left to right for snow removal through the hydraulic drive, with an adjustable swing angle of $\pm 30^\circ$ to change the sweeping direction.

3. Special light bent sweeper upper cover with beautiful appearance and ease of removal.

4. Capable of moving from front to back along the cross slope of the road surface, which can not only improve the snow removal effect but also facilitate uniform contact of the brush with the road surface, ensuring uniform wear and thereby prolonging the service life of the roller brush.

5. The controller placed in the cab can complete the functions of left or right swinging of the snow removal machinery as well as the rotation of the roller brush. The controller buttons and the operating handle are flexible and reliable with ease of operation.

Note: HCN products are constantly updated and improved for users. Rights to change the parameters and design are reserved without notifying the users in advance. In case of possible appearance and color differences between the products shown in the pictures and the actual products, the actual one shall prevail.
