Applicable scenario

2、Applicable scenario

01

YZ-101, YZ-201, YZ-102, YZ-202A are household vacuum cleaners, suitable for home and other scenarios

2、Applicable scenario

02

YZ-106,108,302,306, 408, 504 are commercial vacuum cleaner series, suitable for factories, warehouses, workshops, construction sites, hotels, farms, schools, gymnasiums and other large venues

The street road

Warehouse workshop

Factory processing

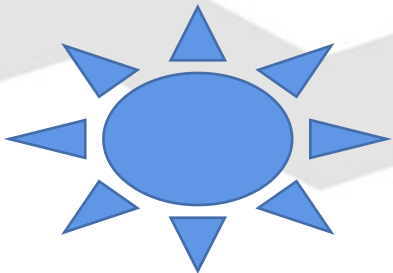

The rural village

Farms

The garage

2、Applicable scenario

03

YZ-C1 ~YZ-C10 Ten types of vacuum cleaners are industrial vacuum cleaners. Can be widely used in large steel structure workshop, grinding workshop, steel processing workshop, etc. And can deal with aluminum, iron slag, welding slag, scrap iron, grinding dust, plastic dust, sand, metallurgy, slag, etc.

accessories (50 caliber)

50 caliber 5
meter hose

Plastic suction
nozzle

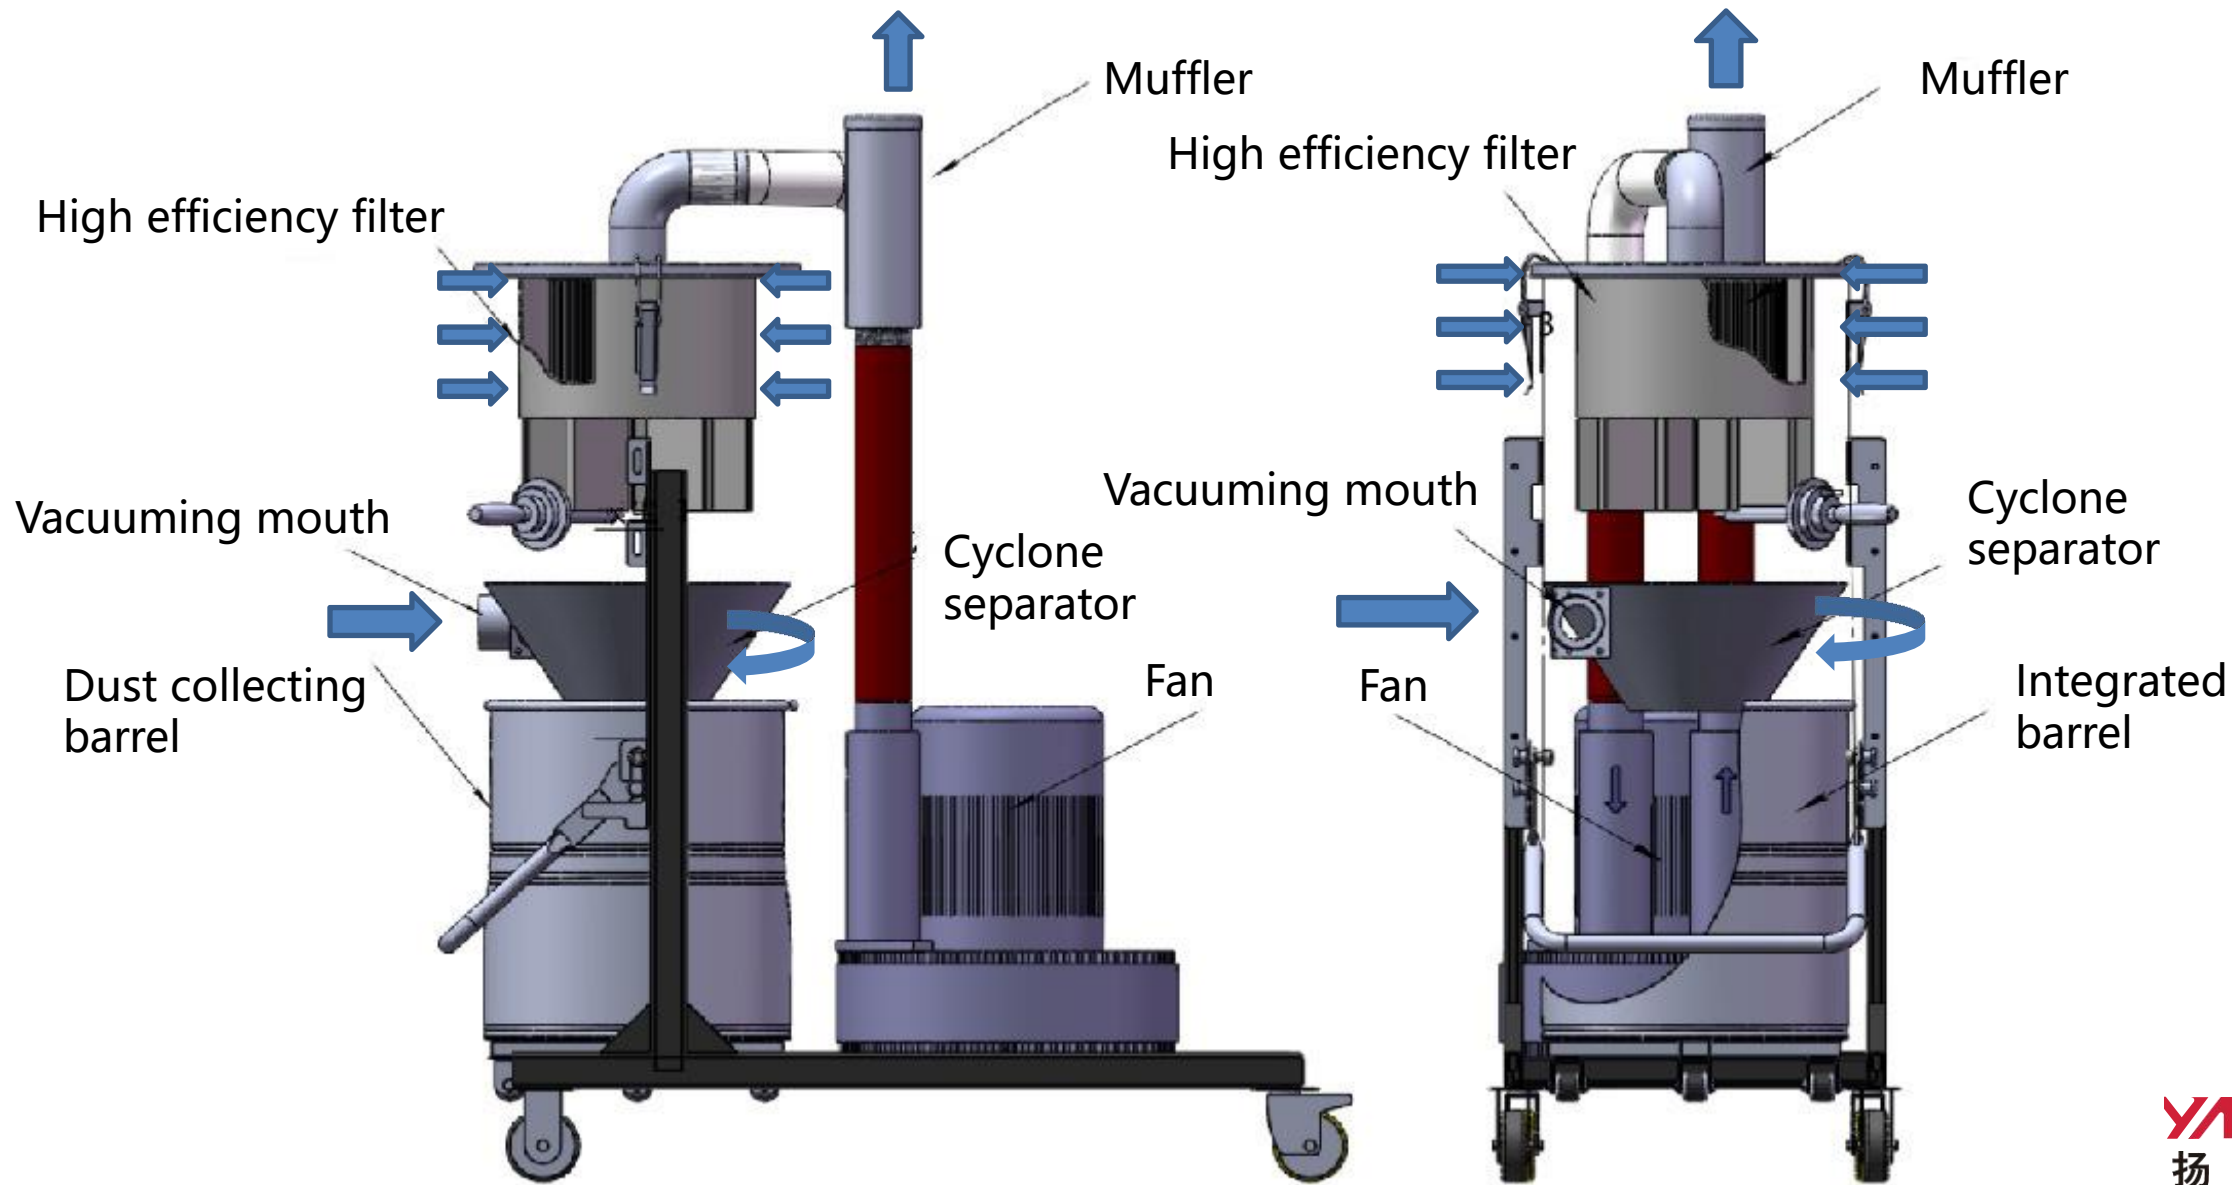

Suction
head

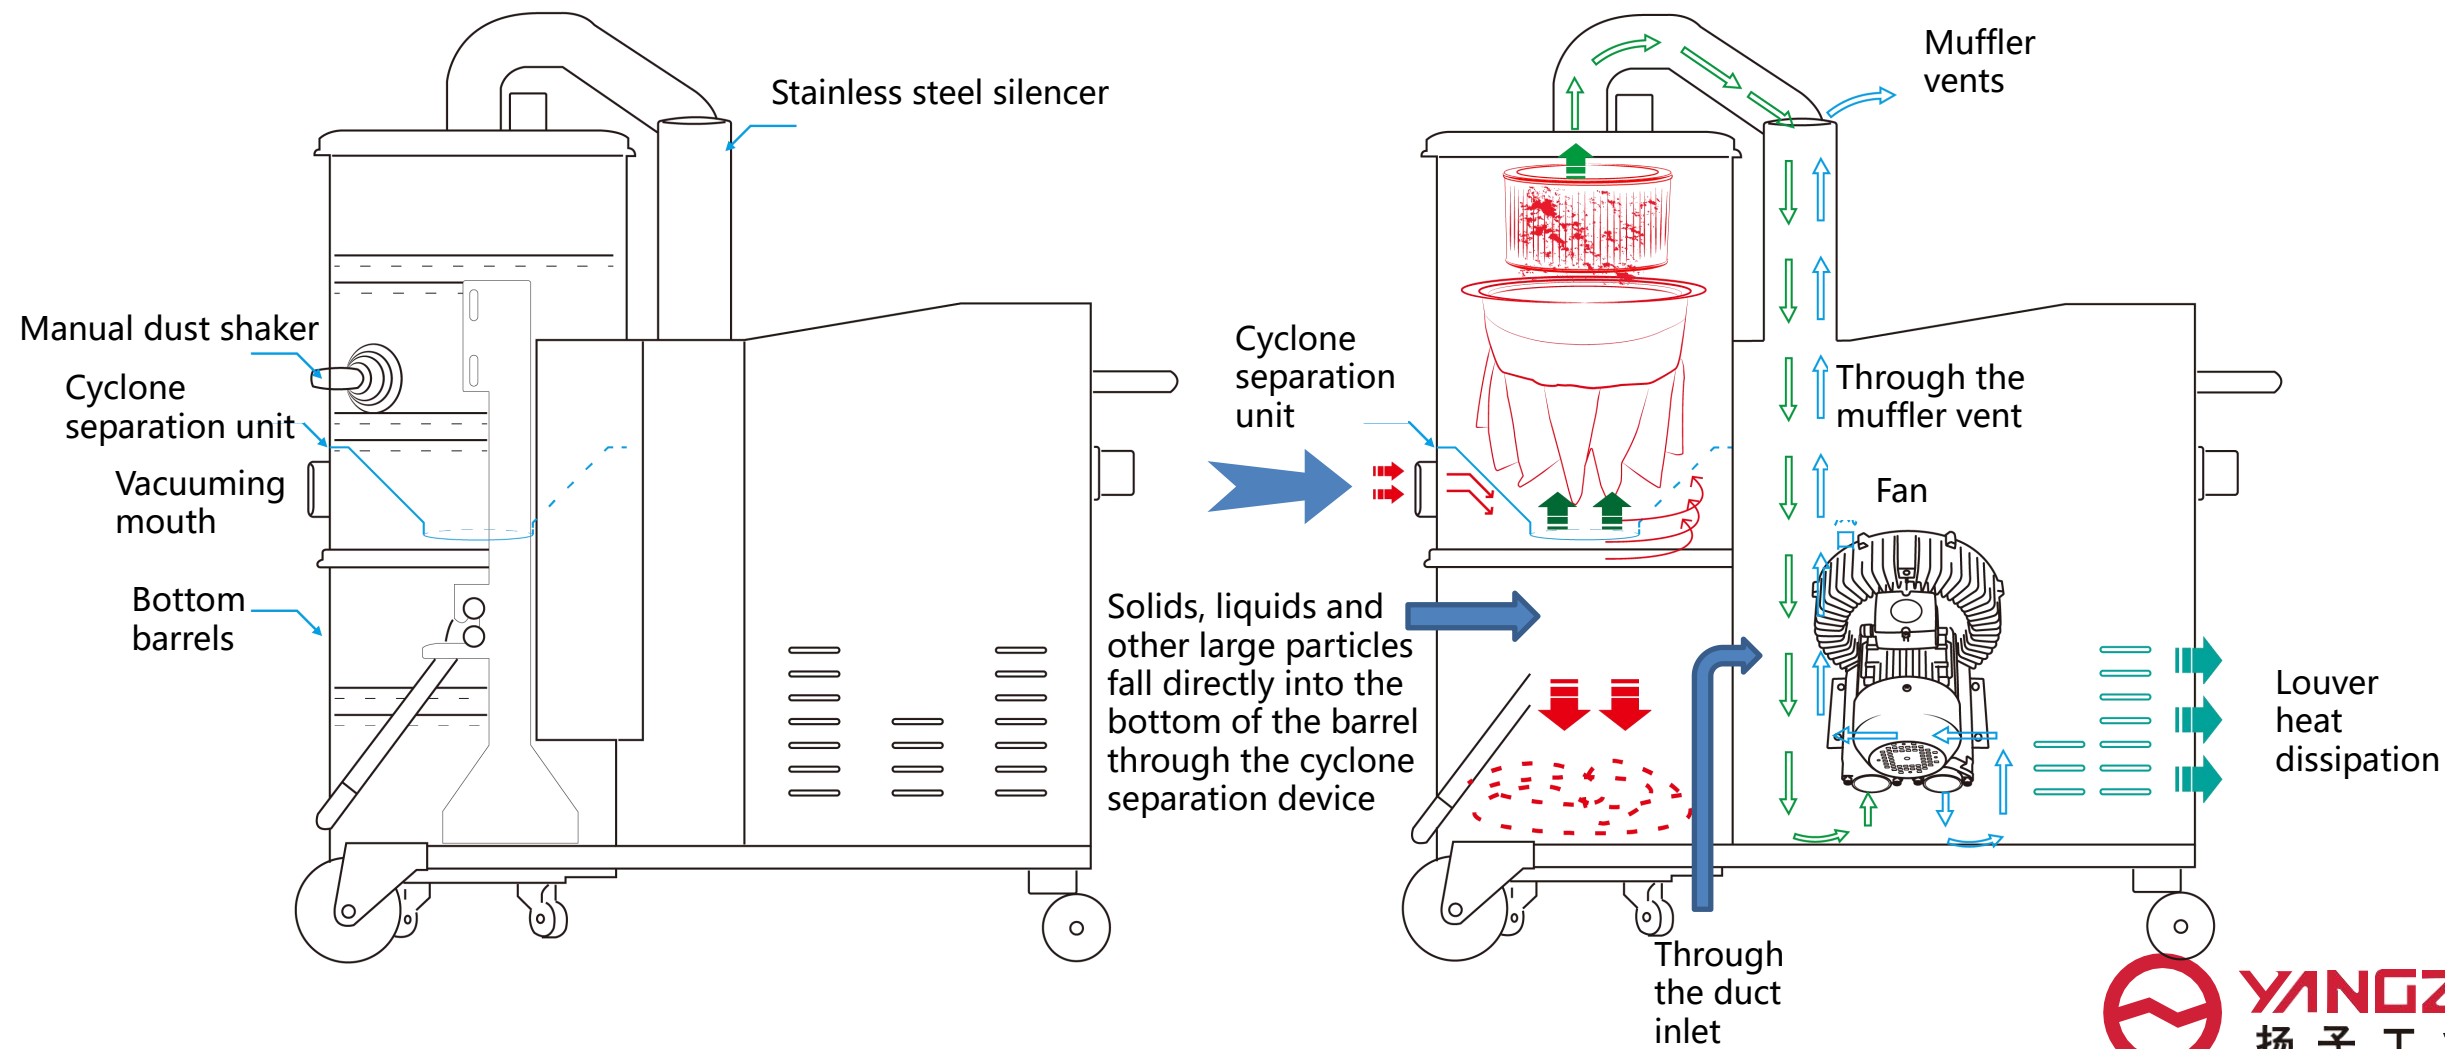

High efficiency film
coated filter element

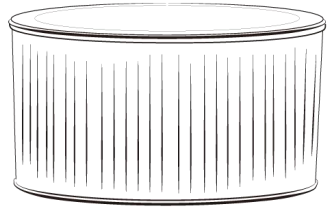

4、 Functional structure

4、 Working principle

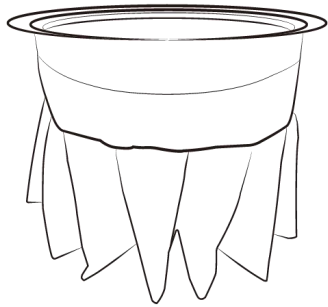

4、 Working principle

Haipa filter

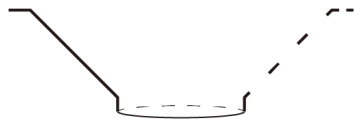

Third filtration
Haipa filter, can block fine dust,
filtration accuracy up to 0.3um

Filtration barrier

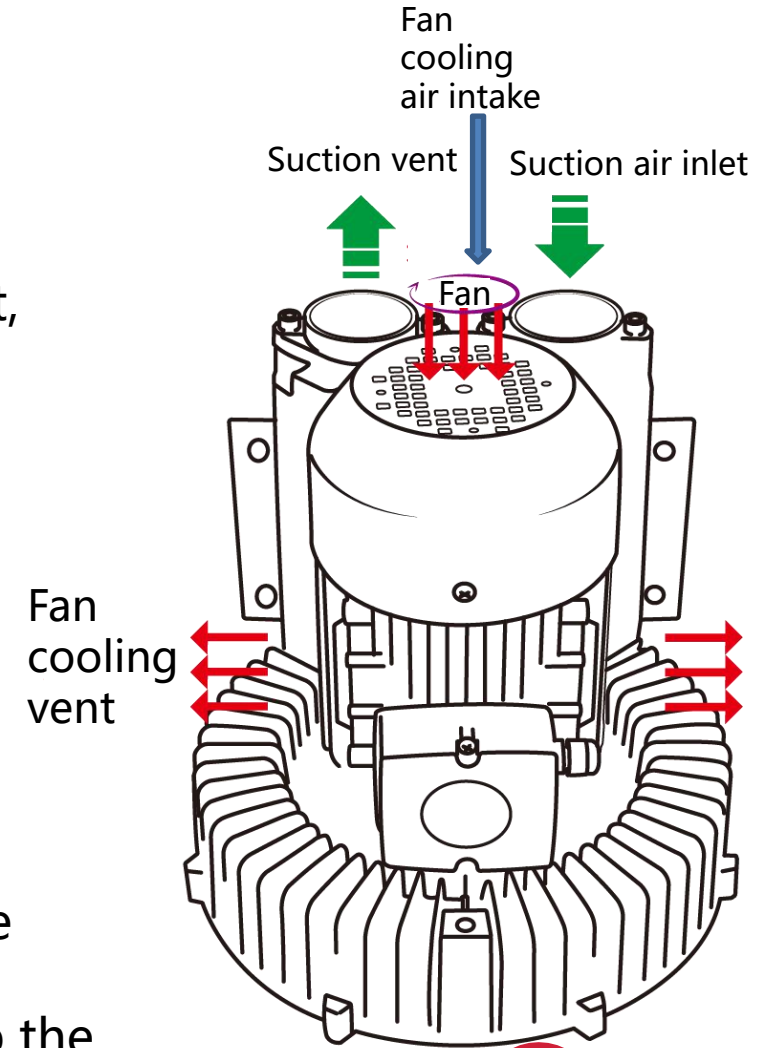

The second filter
Filter layer, isolation part of
the solid particles and dust

Cyclone separation unit

First filtration
Cyclone separator, most of the
inhaled material through the
cyclone separator directly into the
bottom of the barrel

Commercial or industrial, the dust is clean once inhaled 2. Thick stainless steel barrel body 3. Large cleaning range 4. High power cleaning power

6、 Product features and advantages-Industrial

	YZ-C1	YZ-C2	YZ-C3	YZ-C4	YZ-C5
features and advantages	<ol style="list-style-type: none">1.700W power used2. Longer working hours3. Strong suction4. Battery can work continuously, wireless without bondage	<ol style="list-style-type: none">1.1500 W Used power2. Barrel body capacity3. Longer working hours4. Large air volume5. Battery can work continuously, wireless without bondage	<ol style="list-style-type: none">1. Can clean the factory waste and waste water2. Dumping dust collecting bucket3. Multi-layer filtration system4. High-power vacuum5. The wire is 8 meters long and has a large working radius	<ol style="list-style-type: none">1. IPX4 barrel body waterproof2. Suction diameter is 40mm3. Thick stainless steel barrel4. The wire is 8 meters long and has a large working radius	<ol style="list-style-type: none">1. The wire is 8 meters long and has a large working radius2. Double channel, strong copper core wind suction motor3. Multiple filtration system4. Safety protection device for water stop valve

6、 Product features and advantages-Industrial

	YZ-C6	YZ-c7	YZ-C8	YZ-C9	YZ-C10
features and advantages	<ol style="list-style-type: none"> 1.The wire is 8 meters long and has a large working radius 2. Upgrade optional push suction 3. Tilting dumping 4. Brake universal wheel design 	<ol style="list-style-type: none"> 1.The wire is 8 meters long and has a large working radius 2. Thick stainless steel barrel body 3. Many accessories make cleaning easier 4. ESD chain 	<ol style="list-style-type: none"> 1.The wire is 8 meters long and has a large working radius 2. Double channel, strong copper core wind suction motor 3. Multiple purification and filtration system 4. Safety protection device for water stop valve 	<ol style="list-style-type: none"> 1.The wire is 8 meters long and has a large working radius 2.EVA torsion hose 3. Tilting dumping 4. Safety protection device for water stop valve 	<ol style="list-style-type: none"> 1.The wire is 8 meters long and has a large working radius 2. Brake universal wheel design 3. Many accessories make cleaning easier 4. Upgrade optional push suction

Core strengths

Points of advantage:

1 Variety of vacuum cleaner products

At present, Yangzi vacuum cleaner contains three kinds of vacuum cleaners, household, commercial and industrial, there are various recommended machines in different places.

2 Unique after-sale advantages

More than 20 branches and agents throughout the country, can ensure that the after-sales timely treatment.

3 Mature industrial chain

There is a direct supply of manufacturers, including the machine needs accessories packaging cartons, etc., improve quality inspection, delivery, after-sales, maintenance and a series of.

4 National brands

Has 40 years of manufacturing experience, a wide range of grade products, domestic brand reputation is high.

Thanks.
